*Revenue.* Total revenue for the quarter ended March 31, 2018 was \$110.3 million an increase of 9% compared with \$101.3 million in the prior year. Revenue growth in the quarter reflected the impact of the acquisition of PayGroup as well as elevated sales volumes in Puerto Rico driven by post-hurricane recovery activity, federal relief and benefit programs and insurance proceeds.

### **Use of Non-GAAP Financial Information**

The non-GAAP measures referenced in this release material are supplemental measures of the Company’s performance and are not required by, or presented in accordance with, accounting principles generally accepted in the United States of America (“GAAP”). They are not measurements of the Company’s financial performance under GAAP and should not be considered as alternatives to total revenue, net income or any other performance measures derived in accordance with GAAP or as alternatives to cash flows from operating activities, as indicators of operating performance or as measures of the Company’s liquidity. In addition to GAAP measures, management uses these non-GAAP measures to focus on the factors the Company believes are pertinent to the daily management of the Company’s operations and believes that they are also frequently used by analysts, investors and other interested parties to evaluate companies in the industry. Reconciliations of the non-GAAP measures to the most directly comparable GAAP measure are included in the schedules to this release. These non-GAAP measures include EBITDA, Adjusted EBITDA, Adjusted Net Income and Adjusted Earnings per common share and are defined below.

**EBITDA** is defined as earnings before interest, taxes, depreciation and amortization.

**Adjusted EBITDA** is defined as EBITDA further adjusted to exclude unusual items and other adjustments. This measure is reported to the chief operating decision maker for purposes of making decisions about allocating resources to the segments and assessing their performance. For this reason, Adjusted EBITDA, as it relates to our segments, is presented in conformity with Accounting Standards Codification 280, Segment Reporting, and is excluded from the definition of non-GAAP financial measures under the Securities and Exchange Commission's Regulation G and Item 10(e) of Regulation S-K. Our presentation of Adjusted EBITDA is substantially consistent with the equivalent measurements that are contained in the senior secured credit facilities in testing EVERTEC Group’s compliance with covenants therein such as the senior secured leverage ratio.

**Adjusted Net Income** is defined as net income adjusted to exclude unusual items and other adjustments

**Adjusted Earnings per common share** is defined as Adjusted Net Income divided by diluted shares outstanding

We use Adjusted Net Income to measure our overall profitability because we believe better reflects our comparable operating performance by excluding the impact of the non-cash amortization and depreciation that was created as a result of Apollo Global Management LLC’s acquisition of a 51% indirect ownership in EVERTEC Group. In addition, in evaluating EBITDA, Adjusted EBITDA, Adjusted Net Income and Adjusted Earnings per common share, you should be aware that in the future we may incur expenses such as those excluded in calculating them. Further, our presentation of these measures should not be construed as an inference that our future operating results will not be affected by unusual or nonrecurring items.

### **Forward-Looking Statements**

Certain statements in this press release constitute “forward-looking statements” within the meaning of, and subject to the protection of, the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause the actual results, performance or achievements of EVERTEC to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Statements preceded

by, followed by, or that otherwise include the words “believes,” “expects,” “anticipates,” “intends,” “projects,” “estimates,” and “plans” and similar expressions of future or conditional verbs such as “will,” “should,” “would,” “may,” and “could” are generally forward-looking in nature and not historical facts. Any statements that refer to expectations or other characterizations of future events, circumstances or results are forward-looking statements.

Various factors that could cause actual future results and other future events to differ materially from those estimated by management include, but are not limited to: the Company’s reliance on its relationship with Popular for a significant portion of revenue; our ability to renew our client contracts on terms favorable to us; the effectiveness of our risk management procedures; our dependence on our processing systems, technology infrastructure, security systems and fraudulent-payment-detection systems, and the risk that our systems may experience breakdowns or fail to prevent security breaches or fraudulent transfers; our ability to develop, install and adopt new technology; a decreased client base due to consolidations in the banking and financial-services industry; the credit risk of our merchant clients, for which we may also be liable; the continuing market position of the ATH® network; reduction in consumer confidence leading to decreased consumer spending; the Company’s dependence on credit card associations; regulatory limitations on our activities, including the potential need to seek regulatory approval to consummate transactions, due to our relationship with Popular and our role as a service provider to financial institutions; changes in the regulatory environment and changes in international, legal, tax, political, administrative or economic conditions; the geographical concentration of the Company’s business in Puerto Rico; operating an international business in multiple regions with potential political and economic instability; increased compliance risks associated with operating an international business; operating in countries and counterparties that put us at risk of violating U.S. sanctions laws; our ability to execute our expansion and acquisition strategies; our ability to protect our intellectual property rights; our ability to recruit and retain qualified personnel; our ability to comply with federal, state, and local regulatory requirements; evolving industry standards; the Company’s high level of indebtedness and restrictions contained in the Company’s debt agreements; and the Company’s ability to generate sufficient cash to service the Company’s indebtedness and to generate future profits.

Consideration should be given to the areas of risk described above, as well as those risks set forth under the headings “Forward-Looking Statements” and “Risk Factors” in the reports the Company files with the SEC from time to time, in connection with considering any forward-looking statements that may be made by the Company and its businesses generally. We undertake no obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events unless we are required to do so by law.
